Dear Friends:

On the following pages are listed Burpee's Seeds, tested at our world famous Fordhook and Floradale Farms and grown under our own careful supervision at our growing stations. Hundreds of the varieties listed originated on the Burpee farms during our 69 years of service to seedsmen and dealers. They are the Best Seeds That Grow.

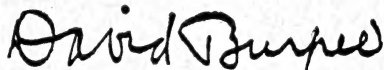

The Victory garden program has created a permanent demand for vegetable seeds from amateur gardeners who have enjoyed garden fresh vegetables for the first time and who have had the satisfaction of caring for growing plants. The market for vegetable seeds will continue strong, and the demand for flower seeds is showing a great increase.

We are prepared to give you prompt service from either of our two buildings; Philadelphia, Pa. or Clinton, Iowa, whichever is nearer you.

We have always endeavored to keep our prices as low as possible, consistent, of course, with the care and vigilance necessary to produce the best seeds. This year, at a time when most prices are rising, we have been able to lower many of our prices because of increased acreages and more efficient operations.

Be ready for your early seed buyers by placing your order with us, now!

Faithfully yours,

President

This Book, Known as Burpee's Red List

is for the exclusive use of Seedsmen and Dealers who sell seeds and are therefore entitled to these Special Wholesale Prices. As a seedsman or dealer, you know the importance of good seeds; you cannot take chances on the quality of the seed from which you expect to make your profits. Sell Burpee's Tested Seeds—the Best Seeds That Grow.

Order Early from the Burpee Building Nearest You

The Burpee Buildings in Philadelphia, Pa., and Clinton, Iowa, are especially equipped to properly and quickly fill your orders. If you have not depended upon Burpee for your annual supply of seeds, do so this year; a trial order will be appreciated. It is our purpose to give you Quick Service and the Best Seeds at the lowest possible cost. Please remember that transportation of all kinds is slower than usual, so allow extra time for shipments to reach you.

Prices Subject to Change Without Notice

All prices in this wholesale catalog are subject to change without notice and all goods, except packets on sale or return basis, are offered f.o.b. Philadelphia, Pa., or Clinton, Iowa, and subject to prior sale. Due to bad weather conditions, some seed crops, especially flowers were very short; we advise that you order all your requirements early. You cannot sell seeds if you do not have them on hand when your customer wants them.

We expect to adhere throughout the winter and spring to the prices quoted herein, unless some causes beyond our control require a change, in which case we shall be governed by the market. All goods are offered subject to prior sale, f.o.b. Philadelphia, Pa., or Clinton, Iowa, and we reserve the right to change prices without notice if it should become necessary.

Credit and Terms of Payment

Our terms are cash with order unless you have an account with us or are satisfactorily rated by the commercial agencies. To those who have accounts and others of approved credit, our terms are *60 days net; 2% discount for cash in ten days from date of invoice, or 3% discount when cash accompanies the order, for Vegetable and Flower Seeds and Flower Bulbs. No discount on Grass Seeds, Clover Seeds, Roots, and Supplies, or on Bags, Cases, and shipping charges, all of which are net cash.*

New customers, unless satisfactorily rated with the commercial agencies, should furnish us with at least three trade references. Orders from new customers amounting to less than \$5.00 should be accompanied by cash.

Orders for seeds will be shipped C.O.D. upon receipt of a deposit of 25% of the value of the order.

All Prices Quoted in This Red List are f.o.b. Philadelphia, Pa., or Clinton, Iowa

The purchaser pays the transportation charge on everything offered in this book except packets on sale or return basis, which are sent prepaid. If goods are wanted by Parcel Post, include sufficient to cover postage on cash orders. On charge orders, postage will be invoiced. We make no charges for packing or cartage, but Bags and Cases will be charged at current cost and are not returnable. If in doubt as to the best and most economical method of shipment, we suggest that you leave this to our judgment.

Shipping Instructions

With each order, please give complete shipping instructions if goods are not to be sent by parcel post. Give the name of your express or freight office and on which railroad you wish goods shipped. This will assure correct routing. After delivering the shipment to forwarders in good order (as shown by Bill of Lading), our responsibility ceases. Marine and/or War Risk insurance will be effected on foreign shipments only when so directed.

You can depend upon us to get your seeds on their way to you as quickly as possible. In these times, however, all methods of transportation are uncertain so it is advisable to order earlier than usual.

*Burpee's
Famous Seed
Farms*

If there is any farm more famous than all other farms in the world, it is Burpee's Fordhook, near Philadelphia in Pennsylvania. This experimental farm was founded by W. Atlee Burpee before the United States Government had any experiment stations. The next most famous and best known farm in the entire world is probably Floradale, near Santa Barbara, California. Just a few views of parts of these two farms are pictured on this page. Everything in the way of selecting and breeding is done so that only the Best varieties and the Best Seeds that Grow can be offered to Burpee customers.

Fordhook. College girls lived in the barn and pollinated tomato blossoms all summer to produce the new Fordhook hybrid tomato seeds.

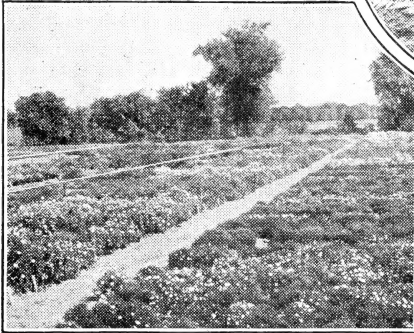

**GROWING
AND
TESTING
BURPEE
SEEDS**

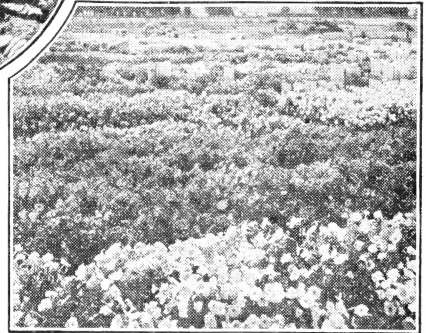

The wives of soldiers do the handwork on flowers on Burpee's Floradale Farms. They are morale builders, serving the nation at war.

Bill Hoag, manager of Burpee's Floradale Farms, is one of the most expert seed growers in the world. He is shown inspecting the carrot trials. He eats them raw for flavor and vitamins.

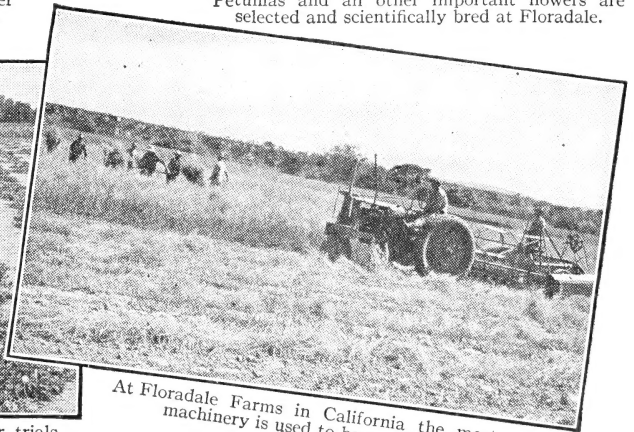

This picture shows just a small part of the flower testing grounds on Burpee's Fordhook Farms.

Petunias and all other important flowers are selected and scientifically bred at Floradale.

At Fordhook, acres are devoted to cucumber trials especially the new Burpee Hybrid cucumber.

At Floradale Farms in California the most modern machinery is used to harvest Burpee seeds.

BURPEE'S NEW VEGETABLES

1121 FORDHOOK HYBRID TOMATO

60 days. A new early, everbearing, wilt resistant hybrid tomato noted for its uniformly shaped, smooth fruits, and the very heavy yield of the vigorous vines which begin to bear early and continue to produce profusely throughout the entire growing season. At Fordhook, it out-yielded all other varieties for the year. Under general field conditions, the fruits are of medium size, averaging 5 ozs. in weight and larger when staked; oblate to globular in shape, an even scarlet-red in color, and mildly acid sweet in flavor. Plants are strong growing, spreading, semi-upright, with dense foliage which affords protection from sun scald.

Pkts. (30 seeds) to retail at 25¢; offered to dealers in kraft pkts. only at 50% discount.

*Fordhook Hybrid
Tomato*

Burpee Hybrid Cucumber is the first hybrid cucumber and **Fordhook Hybrid Tomato** is the first hybrid tomato seed ever offered to the public; both were originated on Burpee's Fordhook Farms in Pennsylvania.

370 BURPEE HYBRID CUCUMBER

60 days. High resistance to bacterial wilt, mosaic, and downy mildew are the outstanding attributes of this new hybrid white spine slicing type cucumber. Vines are extremely vigorous, long lived and bear an abundance of well formed green fruits of handsome appearance, 8 in. long, 2¼ in. wide, square at both ends with medium seed cavity and crisp, white flesh of excellent quality. We regret to announce that the supply of the Burpee Hybrid Cucumber seed is very short. *We can offer it at wholesale only in sealed packets @ 20¢ each. (Retail price 25¢ per pkt.)* We expect to be sold out of this hybrid cucumber before the season is over and would appreciate dealers not ordering any more packets than they actually need. Can be furnished only in kraft packet bags.

Pkt. (30 seeds) 20¢ net.

1376 BURPEE'S RED TAMPALA

Better Than Spinach

Burpee's Red Tampala (Tămpăl'a) is equal in all respects to Burpee's Tampala, introduced by us last year, but instead of the leaves being green they are variegated green and red, the red extending out along the veins of the dark green leaves whose underside also is red. When cooked, prepared, and served like spinach it is attractive, appetizing, and most delicious. Has double the Vitamin A content of spinach. Easy to grow and does well in hot weather.

⅛ oz. 45¢; ¼ oz. 85¢; ½ oz. \$1.60;
oz. \$3.10; ¼ lb. \$12.25; lb. \$48.00.

Burpee's Early Flowering Sweet Peas

Varieties are arranged in each color class from deep to light shades

Burpee's Early Flowering Sweet Peas come into bloom outdoors before the summer heat arrives—3 to 4 weeks earlier than the Giant Spencer varieties offered on pages 56 to 60. They are valuable for winter flowering under glass, also especially adapted for growing in frost-free sections and for earliest blooms outdoors in the North. Sweet Peas do best in cool weather. If seed was not sown in the fall, sow as early in the spring as the ground can be prepared. They prefer an open, sunny location, and deep, rich soil which must be well drained.

White

3390 Burpee's White Magnificent large, frilled, pure glistening white flowers which are particularly sweet-scented. A splendid white-seeded white.

3395 White Giant* Flowers are extremely large, of the purest white, and perfectly placed in fours on long, strong stems. An extra choice white-seeded white.

Cream

3334 Oriental Deep cream or primrose flowers of large size and unusual beauty. Black-seeded.

Cream Pink

3362 Peachblow Clear rose-pink on cream, the rose being more intense toward the edges. Entire flower is overlaid with an amber sheen. Prettily frilled.

Fawn Pink

3162 Golden Pink* Outstanding color—glowing golden or fawn pink; beautiful, especially under artificial light. Large, well-waved flowers.

3309 World's Fair Light golden cream faintly overlaid with a delicate suffusion of fawn, deeper toward the edges.

Salmon Pink

3161 Joseph* Truly magnificent color—a soft and pleasing bright salmon-pink on cream. Flowers are very large; stems are long and strong. The best of its color.

3365 Mrs. Douglas MacArthur (New) Sparkling rich and deep salmon-pink self on a creamy white ground. *Cannot supply this year.*

3356 Bridesmaid Extra large, light salmon-pink flowers on white ground. A favorite with many.

Rose

3384 American Beauty Of the same crimson-rose color as its namesake, the American Beauty Rose.

3306 Pearl Buck* Rich warm rose standard with an orange tinge; wings are deep rose. Beautiful.

Rose Pink

3352 Annie Laurie Large flowers of splendid form and pure rose-pink—the deepest shade in this color group. **Oz. 30¢; 4 ozs. \$1.00; lb. \$3.50.**

3339 Ball's Rose Rich deep rose with a fine suffusion of salmon-pink. Large, long-stemmed, well-waved flowers. **Oz. 30¢; 4 ozs. \$1.00; lb. \$3.50.**

3355 Josie Flowers are very large, long stemmed, and of a rich, deep rose-pink. Uniform throughout.

3393 Shirley Temple* Charming shade of soft rose-pink. Flowers are large and daintily frilled.

3349 Burpee's Giant Pink* Lovely shade of pink blending with a pure soft rose into a marvelous clear rose-pink; most intense toward the edges. Flowers are large.

We have marked with a star (*) the varieties that we prefer in each color class: if you are in doubt as to which to choose, make your selection from those thus marked.

Crimson

3372 Red Man* Deep crimson with ruby-red shadings in the highlights; suffused bronze near edges.

3351 Inspiration* Very large, nicely waved salmon-cerise flowers borne in fours on long, sturdy stems.

3328 Helen Hayes* A soft and appealing shade of coral or coral-cerise enlivened by a luminous suffusion of bright orange. Flowers are extremely large and frilled.

3156 Vera* Soft but vivid pink flushed on amber ground blending into a gorgeous salmon-cerise. Large blooms.

3159 Supreme Orange Long-stemmed, large orange flowers which are beautifully tinted copper.

Orange Scarlet

3157 Lively Scarlet-cerise heavily overlaid orange; the general color effect is rich orange-scarlet.

Spring Flowering Sweet Peas

Come into bloom outdoors between the Early and Giant Spencer classes. Plants are quite vigorous and what the flowers lack in size is made up by the heavy crop of blooms produced. Vines seem more heat resistant than other Sweet Peas. Under glass they are unusually free flowering and prolong the spring cutting season.

We offer three colors, each of which received an award in the All-America Selections:

3470 **Blue** Clear marine blue; free bloomer.

3479 **Lavender** Lovely soft shade of lavender.

3447 **Rose Pink** Beautiful rose-pink on white.
